

SD2, SDP2 – Montage- und Bedienungsanleitung

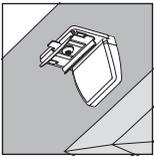

feststehend

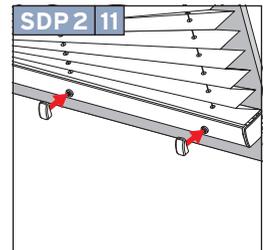

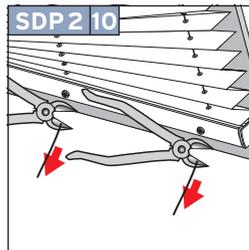

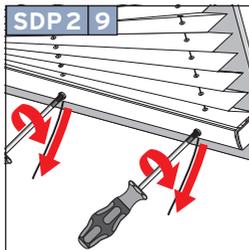

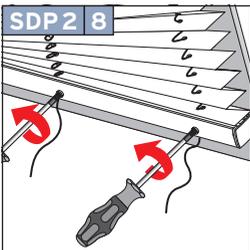

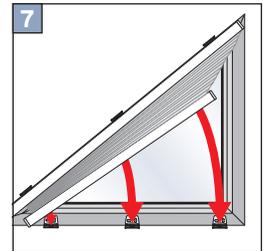

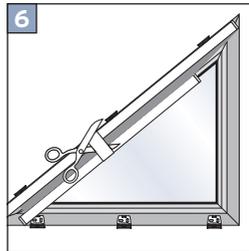

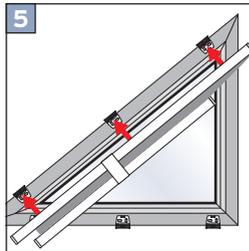

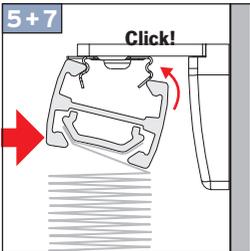

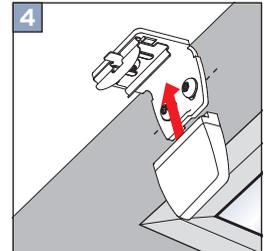

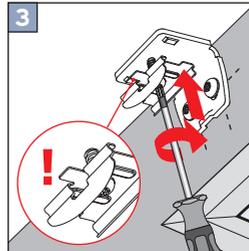

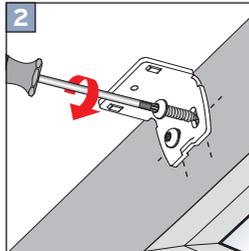

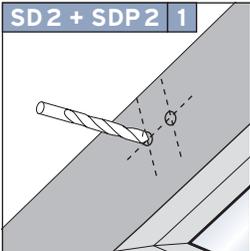

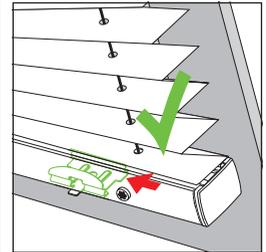

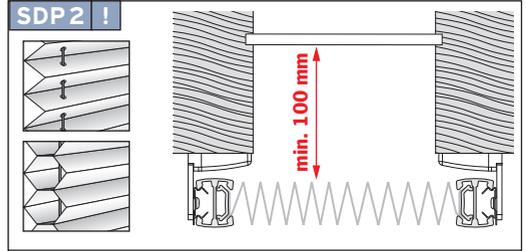

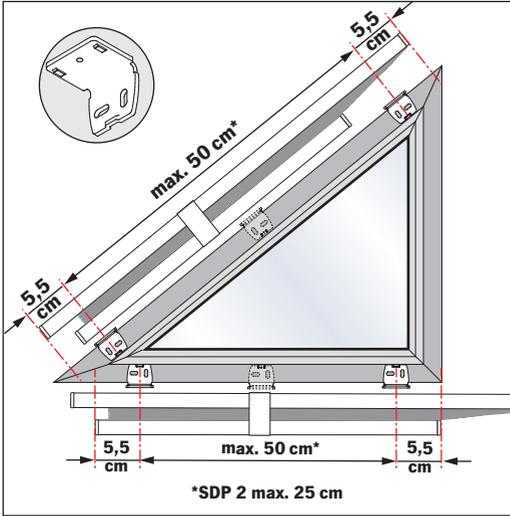

Falzmontage

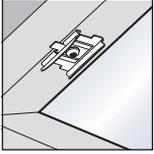

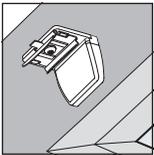

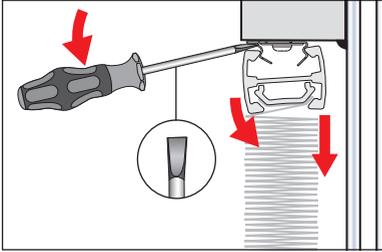

Winkelmontage

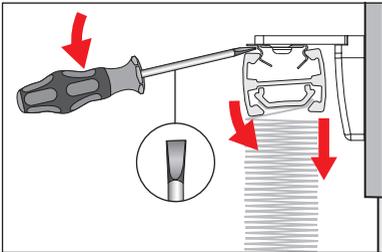

DEMONTAGE

Falzmontage

Winkelmontage

Dieses Plisseemodell ist speziell für Dreiecksfenster entwickelt worden. Der Behang ist feststehend, d.h. dieses Plissee kann nicht geöffnet werden. Die Fertigung ist mit einfachen und Wabenplissee-Stoffen möglich.

Die Montage erfolgt mit Hilfe von Halteclips, welche direkt in der Glasleiste oder mit Winkeln am Fensterflügel montiert werden.
