

SD2, SDP2 – Montage- und Bedienungsanleitung

Achtung
attention – attention

Kinder können sich in den Schlingen von Schnüren, Ketten oder Gurten zur Bedienung von Sicht- und Sonnenschutzeinrichtungen verfangen oder sich Schnüre um den Hals wickeln und sich unter Umständen dadurch strangulieren. Schnüre, Ketten und Gurte sind außer Reichweite von Kindern zu halten, um Verwicklungen und Strangulierungen zu vermeiden. Betten, Kinderbetten und Möbel sind entfernt von Bedienungen für Sicht- und Sonnenschutzeinrichtungen aufzustellen.

Children can get caught in the loops of cords, chains or straps that operate window coverings or they can wrap cords around their necks and strangle thereby. Keep cords, chains and straps out of reach of children to avoid entanglement and strangulation. Move beds, cots and furniture away from window covering operations.

Les enfants peuvent se prendre dans cordons, chaînettes ou courroies qui actionnent les stores de protection solaire et visuelle ou ils peuvent enrouler les cordons autour leur cou et ainsi s'étouffer. Maintenez les cordons, chaînettes et courroies hors de portée des enfants pour éviter de s'étouffer ou de s'emmêler. Placez les lits, berceaux et meubles à l'écart des manipulations des stores de protection solaire et visuelle.

Dieses Plisseemodell ist speziell für Dreiecksfenster entwickelt worden. Der Behang ist feststehend, d.h. dieses Plissee kann nicht geöffnet werden. Die Fertigung ist mit einfachen und Wabenplissee-Stoffen möglich. Bitte beachten Sie, dass bei der Verwendung von Wabenplissee-Stoffen der Abstand der Abstand zwischen Scheibe und Stoff mindestens 17 mm betragen sollte.
